

**Informatics in legal department,
between a necessity and overrating.**

**Court Yard Portal,
the new informatic program in Romania.**

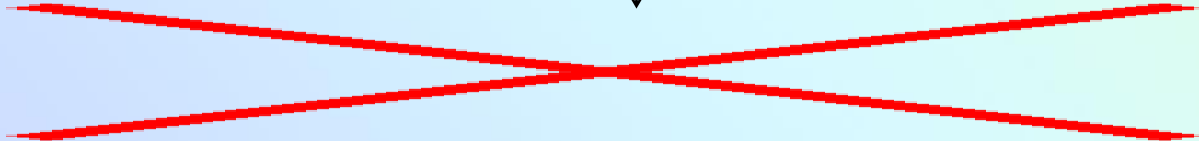

**Attorney Diana ANDRASONI,
Cluj Bar Association,
Romania**

**People must have access not only to a judge,
but to a good judge**

~~must be independent and impartial~~

Litigant desires

- .To be listened
- .To be understood
- .To be analysed all significant details of their internal motivation
- .To receive a personalized decision comprehensible and acceptable for him

**The *psychic factor* is crucial in the law field
so that it maintains the rule of law,
not by force, but by acceptance.**

A.I. JUSTICE

is standardized,

quick,

cheap,

but not the optimal solution for protecting human rights,

neither the social peace.

New E.U. Legal framework regarding robotics

16 February 2017 – EU Parliament Legal Affairs Comitee

– report on civil law rules on robotics

Necessity of standards and specific regulations

Legal Affairs Commitee – a rapport underlining the need of
a robust European Legal framework

New E.U. Legal framework regarding robotics
